The Baltimore Elite Giants are probably the most outstanding contender to replace the Homestead Grays for the current Negro National League title.

The Elite's array is sensational from a balance standpoint, as they combine a well geared combination of exceptional fielders, plenty of hitting punch and a sterling hurling staff.

Everyone of the Baltimorian fielders can be depended on to make the fans ~~rejoice~~ acclaim them as favorites with their fielding stunts of unusual calibre.

When it comes to pitching the Elites have only top-notchers to call on, with the leading aces being Bob Griffith, Emery Adams, Bill Byrd, Bill Barnes and Emery Adams.
